Professional summary

I have more than 4 years of experience in web development. Understanding the modern web that helps to provide the best solutions.
In Salesforce practice working with Marketing Cloud Account Engagement (formerly Pardot) and Marketing Cloud.
Took part in different phases of the project: planning, designing, implementing, and testing. Have experience of taking part in workshops for the client team, project-managing.
Email development - from scratch or using different tools like activecampaign etc.
Love to learn new technologies and trying new tools.
